Thank you notes from students

H.B. GPA: 2.78 Associate of Arts: Psychology

I would like to express my appreciation for the financial assistance for the last semester, 2025. As a student of psychology at C-GCC, your assistance relieved me of the burden of paying out of pocket. Thank you for this opportunity as I continue my educational journey.

I.D. GPA: 3.18 Associate of Science: Nursing

I would like to thank The Greene County Legislature for establishing an opportunity for college students to receive funds in order to pursue their careers. As a nursing student, not a lot of time is available for many of us to go to school and work at the same time. Even if students are working, nursing school can be a financial stress still. To be able to have support in this way is extremely helpful not just financially, but also mentally and emotionally. Students like me are grateful to have people that care about education enough to help pay for it even when they don't know many of us. This scholarship will help me get through the next two years of my education and I am beyond grateful that the Lord has given me this opportunity to not only become a nurse, but come into contact with so many people who have been nothing but helpful and excited on my behalf.

To whoever may read this, Thank you for all that you do and will continue to do when it comes to supporting those who may, or may not have support at all.

A.K. GPA: 3.95 Associate in Science: Business Administration

I am in my last semester at Columbia Greene Community College, pursuing my associates degree with a concentration in psychology, and I plan to go on to get my bachelor's and possibly my master's.
