

## COUNTY OF GREENE

Patrick S. Linger

*Chairman, Greene County Legislature*

### A DECLARATION OF STATE OF EMERGENCY AMENDED

A State of Emergency was declared within the jurisdiction of the County of Greene, State of New York, effective, May 17, 2023. Said Declaration is hereby amended in respect of and to preserve the rights of all foreign persons recently arriving in the United States of America who are in need of temporary assistance and/or housing.

The State of Emergency had been declared due to failed Federal Policy(ies) together with New York City's mismanagement and/or underestimation of the impact of inviting persons in need of temporary assistance and/or housing to the city, resulting in New York City planning to relocate said invitees to counties, outside of and nearby New York City; including Greene County.

Greene County has approximately THREE ONE/HUNDREDTHS (3/100's) of the population of New York City and an economy and infrastructure consistent with that stunning differential.

Greene County is incapable of receiving and sustaining the volume of persons in need of temporary assistance and/or housing that New York City intends to deliver.

Greene County is already facing significant shortages in housing, medical care and transportation, together with a growing homeless population.

There is no hospital located within the geographic boundaries of Greene County.

Additional local Emergency Orders will be promulgated by the Chairman of the Greene County Legislator during this State of Emergency to further protect the life and property and to bring the emergency condition(s) under control.

This Amended State of Emergency Declaration shall take effect immediately.
