The campaign will put a personal face on the key retail and service business sectors across Greene County, utilizing in-person interviews with proprietors telling their unique story, and re-assuring customers that they will continue to serve their needs. Our marketing will support the recovery of our downtowns and the campaign will launch immediately upon the lifting of social-distancing restrictions through a series of social media videos directed first to Greene County residents, and expanding outward to engage prospective visitors.

### Greene County Tourism Launches TakeOutInGreene.com

In response to state-wide restrictions on gatherings and efforts to Flatten The Curve by staying home except for essential travel, the Tourism team has re-directed their visitor-attraction advertising to promote Greene County restaurants who provide curbside pick-up and delivery. As we can expect a much lower number of visitors from

outside our county, it's never been more important for Greene County residents to support our favorite eateries.
