CONSUMER INFORMED CONSENT & SERVICE AGREEMENT

Welcome to Greene County Mental Health Center/Community Services Board. As we begin our work together, there are a few things you should know that will help you best use our services. Please direct any questions about this service agreement to your intake worker.

GCMH/CSB's Responsibility to You:

- We will provide you with mental health treatment for your specific condition. We are licensed to provide individual, group and family outpatient treatment. We will coordinate our treatment with any other providers involved with your care.
- We will inform you if we believe that your need for treatment exceeds our abilities or if we believe that you are not in need of our services. We will also make the appropriate referrals whenever possible and assist you in getting the correct level of care.
- We will supply you with a treatment environment that assists you in your efforts to help yourself. On that order, the clinic's staff will be timely for your appointments, respect your privacy, make reasonable accommodations if you have a disability that makes engaging our service difficult, respect your decision to stop treatment, and provide you with recourse if you have a complaint about our service without fear of reprisal.
- We follow the New York State Office of Mental Health Rights of Outpatients that is posted at every licensed site. It contains your rights as a consumer and whom you can contact if you feel you are not being treated fairly.
- **If you have any after-hours emergencies that cannot wait until the next business day, you can reach our on-call clinician at 518-622-3344.**

Your Responsibility to GCMH/CSB:

- While in treatment you will be expected to participate in planning your treatment and following through. You may be asked to do homework, participate in groups, or sign releases of information, if indicated for your treatment.

  _____
  Client Initials

- While in treatment you will be expected to communicate to your clinician any changes you experience that directly affect your treatment. For example, if you are in treatment for depression and you start to have suicidal thoughts, we expect you to notify your clinician or other staff of that development. Another example would be if you are getting substance abuse treatment and you relapse. Your clinician needs to know so that we can help you.

  _____
  Client Initials

- While in treatment you are expected to pay any fees or make arrangements to have the fees paid by a third party. You will be expected to work with our clinic on questions regarding your insurance or managed-care company.

  _____

- While in treatment you are expected to cancel appointments 24 hours in advance. Failing to do so is considered a "Missed Appointment." If you fail to cancel 24 hours in advance or miss any appointments without notice, the clinic reserves the right to charge you for such missed appointments. Failure to attend scheduled appointments could result in your termination from the clinic. It is your responsibility to obtain a follow-up appointment from your clinician if you cancel or miss an appointment.

GCMH/CSB Limits of Confidentiality:

Greene County Mental Health/Greene County Community Services Board closely adheres to New York State Mental Hygiene Law and to Federal Guidelines regarding confidentiality of mental health, substance abuse, and HIV information. All information about your treatment is confidential as defined by the above laws.

Most disclosures occur only when you sign an authorization form allowing us to release information about you and your treatment. This is the primary method that GCMH/GCCSB uses to release information to anyone, including a family member. Please note that any information that is disclosed will be limited to what you and your clinician decide to be appropriate for the situation. There are, however, the following exceptions to confidentiality that are important to be aware of:

- We are ethically and legally obligated to disclose relevant information in the event of various emergency situations, such as if we believe that you or another person in the community may be at risk of serious harm. At those times we are obligated to inform authorities and/or the person targeted for harm. There are also other emergency situations in which the Mental Health Association of Columbia & Greene Counties' Mobile Crisis Assessment Team (MCAT) may be notified to intervene in an emergency situation in order to ensure your wellbeing.

- We are not permitted to contact family members in the event of an emergency. You, however, can authorize Greene County Mental Health Center to do so by filling out the attached emergency form. We will only use this in the event of an emergency.

- We are allowed, and at times required, to disclose information under various legal compulsions such as: when child abuse or neglect is suspected or has occurred, when New York State Mental Hygiene Legal Services request information, to attorneys challenging involuntary hospitalization, to the NYS Justice Center or its representatives, to NYS Board for Professional Medical Conduct, to the local director of mental hygiene, or when we receive an authorizing court order from a judge. All of these situations tend to be very rare.

- Protected Health Information (PHI) will be sent to the Regional Health Information Organization operated by HIXNY, which is part of a statewide computer network; however, your consent is needed in writing in order for *any other* medical providers to retrieve any of your medical information.

- We are allowed to disclose information if a crime has been committed on the premises or against clinic personnel. We will only disclose to the authorities the minimal amount of information necessary for law enforcement to conduct their duties.

- We are allowed to disclose information with other providers who are involved or are planning to be involved in your care. This may include your primary care physician or other agencies, such as Twin County Recovery Services, Mental Health Association (MHA) of Columbia and Greene Counties, MHA's Mobile Crisis Team, and Columbia Memorial Hospital. While we have the right to disclose certain pertinent information to coordinate care and/or an emergency response, whenever possible we will ask for your permission to do so prior to any release of information.

- We will not re-disclose any information that we receive from other treatment providers.

Please know that regardless of the circumstances, it is always our ethical and legal obligation to disclose only the minimal amount of information relevant to the particular situation. It is also our ethical obligation to discuss with you any information that is shared with other professionals, except in emergencies where we are unable to do so.

PSYCKES CONSENT FORM

The Psychiatric Services and Clinical Enhancement System (PSYCKES) is a web-based application maintained by the New York State (NYS) Office of Mental Health (OMH). It contains health information from the NYS Medicaid database, health information from clinical records, and information from other NYS health databases. For an updated list and more information about the NYS health databases in PSYCKES, visit www.psyckes.org and see "About PSYCKES."

PSYCKES data includes identifying information (such as your name and date of birth), information about health services that have been paid for by Medicaid, information about your health care history (such as treatment for illnesses or injuries, test results, lists of medication you have taken), and information entered by you or your treatment provider into the PSYCKES application (such as a Safety Plan).

The health information in PSYCKES can help your provider deliver better care. In this Consent Form, you can choose whether or not to give your provider electronic access to your health information that is in PSYCKES. You can give consent or deny consent, and this form may be filled out now or at a later date. **Your choice will not affect your ability to get medical care or health insurance coverage. Your choice to give or to deny consent will not be the basis for denial of health services.**

If you check the **"I GIVE CONSENT"** box below, you are saying "Yes, this provider's staff involved in my care may get access to all of my medical information that is in PSYCKES."

If you check the **"I DENY CONSENT"** box below, you are saying "No, this provider may not see or be given access to my medical information through PSYCKES," THIS DOES NOT MEAN YOUR PROVIDER IS COMPLETELY BARRED FROM ACCESSING YOUR MEDICAL INFORMATION IN ANY WAY. FOR EXAMPLE, IF THE MEDICAID PROGRAM HAS A QUALITY CONCERN ABOUT YOUR HEALTHCARE, THEN UNDER FEDERAL AND STATE REGULATIONS YOUR PROVIDER MAY BE GIVEN ACCESS TO YOUR DATA TO ADDRESS THE QUALITY CONCERN. QUALITY CONCERNS HELP HEALTHCARE PROFESSIONALS DETERMINE WHETHER THE RIGHT SERVICES ARE BEING DELIEVERED AT THE RIGHT TIME TO THE RIGHT PEOPLE. THERE ARE ALSO EXCEPTIONS TO THE CONFIDENTIALITY LAWS THAT MAY PERMIT YOUR PROVIDER TO OBTAIN NECESSARY INFORMATION DIRECTLY FROM ANOTHER PROVIDER FOR TREATMENT PURPOSES UNDER STATE AND FEDERAL LAWS AND REGULATIONS.

Please carefully read the information on the back of this form before making your decision.

Your Consent Choices. You can fill out this form now or in the future. You have two choices:

☐ **I GIVE CONSENT for this provider to access ALL** of my electronic health information that is in PSYCKES in connection with providing me any health care services.

☐ **I DENY CONSENT for this provider to access** my electronic health information that is in PSYCKES; however, I understand that my provider may be able to obtain my information even without my consent for certain limited purposes if specifically authorized by state and federal laws and regulations.

If you choose to "Deny Consent" on that form, GCMH ***will not*** refuse treatment to you.

GCMH & GCCSB provides a wide range and variety of health care to the people of Greene County. For this reason, not all types of uses and releases can possibly be described in this document. We have listed some common examples of permitted uses and disclosures below:

♦ **For Treatment:** Caregivers, such as nurses, doctors, therapists and social workers, may use your health information to determine your plan of care. Individuals and programs within GCMH & GCCSB may share health information about you to coordinate the services you may need, such as clinical examinations, therapy, nutritional services, medications, hospitalization, or transfers or referrals for follow-up care. ♦ **For Payment:** GCMH & GCCSB may release information about you to your health plan or health insurance carrier to obtain payment for our services. We may also share your information, when appropriate, with other government programs such as Workers' Compensation, Medicaid, Medicare, or Managed Care Organizations to determine if you are eligible for, or to coordinate, your benefits, entitlements, and payments. We may need to disclose a limited amount of information about you to explore your financial situation for possible sources of payment for your care, but we will only do so as permitted under law. We may also tell your health plan about a treatment you are going to receive to obtain prior approval or to determine whether your plan will cover the treatment. ♦ **For Operations:** GCMH & GCCSB may use and release information about you to ensure that the services and benefits provided to you are appropriate and are high quality.
